POLICE & LAW ENFORCEMENT

POLICE & ENFORCEMENT

AT8801

Police & law enforcement breath alcohol analyser with external printer

Police & law enforcement breath alcohol analyser with external printer (Model AT8801) is an evidentiary breath alcohol analyser configured with integrated high-speed thermal printing, tamper-proof record storage, and certified law-enforcement fuel-cell accuracy.

AT35

Fuel Cell Alcohol Tester AA2020 Formal And Screening Tester, AT-35

Fuel Cell Alcohol Tester AA2020 Formal And Screening Tester, AT-35 (Model AT35) delivers precision electrochemical alcohol breath screening with rapid response recovery cycles, high-contrast digital display, and verified workplace compliance calibration.

KEY SPECIFICATIONS

Sensor	Electrochemical Fuel Cell
Measurement range	0.00~5.00 BAC (or 0.00~0.50% BAC, or 0.00~2.50mg/L)
Display	2.2 inch TFT Color Display
Test / response ti	<5 seconds
Dimensions	153 x 60 x 27 mm
Test records	100,000 test records (as listed)

PORTABLE PROFESSIONAL **AT26**

AlcoStop 2010 High Quality Alcohol Screening Device Alcohol Tester AT-26

AlcoStop 2010 High Quality Alcohol Screening Device Alcohol Tester AT-26 (Model AT26) delivers precision electrochemical alcohol breath screening with rapid response recovery cycles, high-contrast digital display, and verified workplace compliance calibration.

KEY SPECIFICATIONS

Sensor	Advanced semiconductor alcohol sensor
Display	Digital LCD Display
Test / response ti	Within 5 seconds
Dimensions	13 x 4.5 x 2.5 cm
Power	2 x 1.5V AAA Alkaline Batteries
